

# CoroTurn® XS

Internal turning, face grooving and threading of small components

## Application

- Internal turning
- Copying
- Backboring
- Profiling
- Grooving
- Face grooving
- Pre-parting
- Threading

ISO application area:

**P M N S H O**

## Benefits and features

- Optimized for machining of small high quality features
- High precision and repeatability
- Reliable and easy-to-use clamping system
- Precision ground tools for high repeatability
- Longer tool life by minimized micro vibrations with cylindrical carbide shank adaptors
- Clamping nut ensures easy change of cutting tool with cylindrical carbide shank adaptors

[www.sandvik.coromant.com/coroturnxs](http://www.sandvik.coromant.com/coroturnxs)

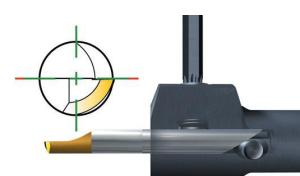

## Internal coolant

- The adaptors are designed with internal precision coolant supply.
- Selectable coolant direction for better chip evacuation and safe machining

## Locking precision

Precise location into the boring bar due to a locating pin.

## Inserts
